

# MINI COTTAGE

**WILD BOAR  
SHEDS**

# About the Mini Cottage

## Style and simplicity

The design brings back some Australian Heritage.

## Australian Steel

Produced with all Australian Steel and is available in a full range of Colorbond® Colours.

## Construction

Constructed with an all-steel portal frame. Plans and building guide supplied.

## Fully Engineered

Fully Engineered with structural plans provided.

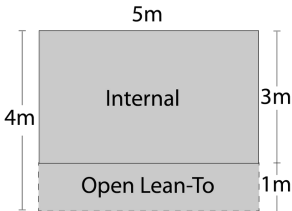

## Sold as Flat Pack kits

Our kits are sold as flat pack kits, ready to assemble. They are supplied with frames, sheeting, brackets, fixings and windows if ordered. Any linings or internal fit-out is the responsibility of the purchaser.

This building can be built without Council Approval, you will need to check with your local Council to see if this is allowed. Engineered Plans are provided for use with Council Application and when building the kit. We recommend that you use a qualified builder to construct your Mini Cottage.

# Layout

Only 1 size available

## 20sqm

- Available size is shown in the layout
- Windows can be added
